Testimonial For Stenhouse

**From Cookerburra Oven Cleaning**

After using Stenhouse Motors for the past 6 years we would like to say what an excellent service they provide.

The continuous running of our vans, which use Petrol & LPG fuel, is absolutely critical to our business. Stenhouse have always maintained these vans to the highest level and within the timescales & deadlines we have requested. Their support in this has been unfaltering.

They provide the highest level of customer care and are a company you can rely on 100 %.
